

Handwriting: Lessons for PrintTM Course Information

Appropriate Audience	Tier
Preschool to Grade 1 general education, whole class and small group	Tier 1
Kindergarten to Grade 5 special education, intervention, resource	Tier 2 & Tier 3

Description:

- *Handwriting: Lessons for Print*TM methods and multimodal techniques support students in developing letter formation automaticity through a multisensory, systematic, structured, sequential, direct-instruction teaching approach.
- This scientific research-based program includes learning strategies as detailed by the science of reading, occupational therapy, and early childhood development guidelines.

Educators learn the research and practical application of:

- Prewriting skills development, including ideal posture and paper position
- Letter formation
 - Lowercase and capital letter instruction based on formation groups (starting point and initial stroke)
 - Incorporates the sound-symbol connection through multisensory learning
- Foundational sentence composition, grammar, and connected-text composition

Additional benefits include:

- Classroom presentations aligned to scripted lessons and student practice book
- Unlimited access to our Digital Library, which provides digital teaching materials
- Oral language skills
- Letter recognition and alphabet knowledge
- Center activities aligned to the lessons
- Assessment tools
- Differentiation and multisensory strategies embedded in lesson plans
- Downloadable font to create custom student practice opportunities
